

Blank Panel for LGX Type-B Slot BP-LGX

Product Description:

We designed EDGE Optics xWDM Series products to allow easy, gradual, logical and cost efficient expansion of network bandwidth using industry leading passive WDM technology. Main advantage of xWDM is its passive nature – no power supply or cooling necessary, robustness – no special micro-climate requirements and as passive element, it has MTBF 100+ Years. xWDM is – it is fully data rate or line protocol neutral – it is possible to use with colored transceivers supporting such applications as 1G/10G Ethernet, SDH/SONET and 8/4/2/1G Fiber Channel. It's simple to install, requires no configuration or maintenance.

BP-LGX is blank panel for covering any empty slot, witch is intended for inserting standard Type-B LGX module.

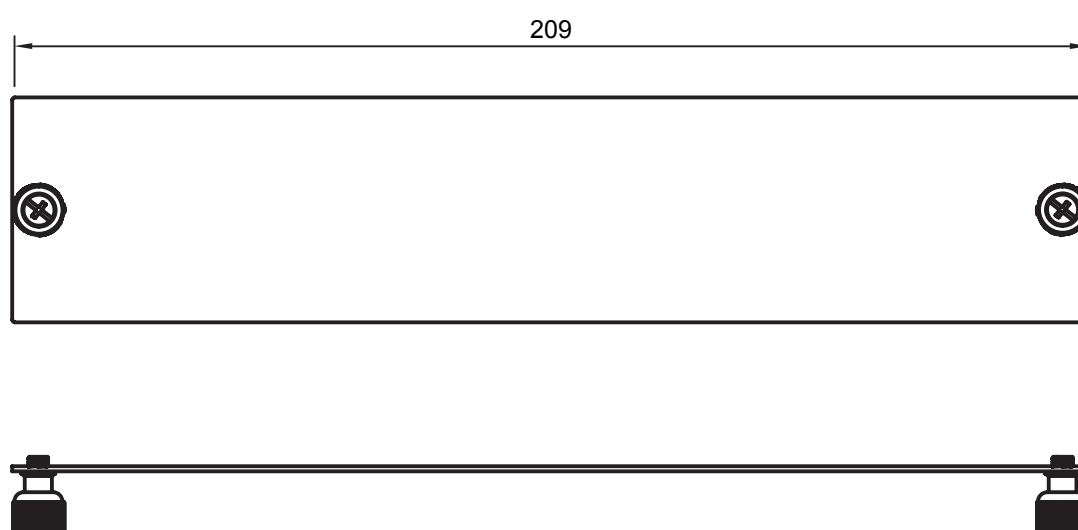

Key Highlights:

- Fitting any LGX Type-B Module
- 1 Rack Unit High
- 5 Year Warranty

Product Specification:

Parameter	Unit	Value
Product Type:		Blank Panel
Dimensions (W x H x D):		209 x 44 x 1 mm
Compliance:	Ch	CE, ISO

Warranty:

EDGE Optic's provides a limited warranty for **sixty (60)** months from Purchaser's receipt of the Equipment represented in this data sheet against defective design or workmanship.
